<b>Report Enhancement</b> <b>Student Free Period Report</b>	The Student Free Period Report can be filtered to pick which periods should be included.
<b>Report Enhancement</b> <b>Unsatisfied Requests By Course</b>	Changes to the Unsatisfied Requests By Course report: (Reports > Scheduling > Unsatisfied Requests By Course) New formatting allows the report to generate more quickly.
<b>Student Demographics</b> <b>Funding District Code</b>	A new tab has been created on the Student Demographics page called RESIDENCY. The Funding District Code field has been moved from the PAGE 2 tab to the RESIDENCY tab. The reason for this change is to support the PIMS needs by allowing the District Funding Code to be saved by date ranges. A link from the original Funding District Code field position has been added for your convenience.
<b>Student Demographics</b> <b>Resident District</b>	A new tab has been created on the Student Demographics page called RESIDENCY. The Resident District field has been moved from the Student Contact area to the RESIDENCY tab. The reason for this change is to support the PIMS needs by allowing the Resident District to be saved by date ranges. A link from the original Resident District field position has been added for your convenience.
<b>PIMS</b> <b>PIMS Student Calendar</b>	Modified query to use the new PIMS calendar framework and also to use the Sapphire Child Accounting Data. Modified launch page for the column names.
<b>PIMS</b> <b>PIMS School Calendar</b>	Modified query to use new PIMS calendar framework. Modified launch page for the column names.
<b>PIMS</b> <b>PIMS Student Template</b>	Modified query to pull Resident District Code and Funding District Code from STUDENT_DEMO_RESIDENT instead of STUDENT_DEMO. Modified query and option pages to allow for extraction of dropout activity codes from the Post-Dropout activity field (Both) or to continue pulling them from the Post-Grad Activity field (Single). Modified query and option pages to export just the summer dropouts (students who have previous year enrollment AND have the Summer Dropout Flag set to Y).
<b>PIMS</b> <b>PIMS Course Templates</b>	Added ability to pick all schools when running all three course templates (Courses, Course Instructors and Course Enrollments)
<b>Discipline Enhancement</b> <b>Victims</b>	<p>Victims (both student and non-student) can be added to an existing discipline event from the Multi-Student Discipline Event screen (Screens &gt; Discipline &gt; Multi-Student Discipline Event).</p> <p>On a student's discipline screen (Screens &gt; Discipline &gt; Student Discipline), a "Victims" tab has been added to the Student History area. This tab will display any events in which the students was listed as a victim. Clicking on a "victim" row will open the Multi-Student Discipline Event screen for that event.</p> <p>Deleting a victim (student or non-student) from an event completely removes that record.</p> <p>Deleting a student incident from an existing event stops the incident from being tied to the event. The student incident will still exist, but it will no longer have any connection to the multi-student event.</p>
<b>PIMS</b> <b>PIMS Course Enrollment Template</b>	The PIMS Course Enrollment Template will now allow the user to run the template for one school, all schools, or selected schools.
<b>Dictionaries</b> <b>Grad: Post-Dropout Activity</b>	The dictionary Grad: Post-Dropout Activity now has the ability for the user to enter State Codes (used by PIMS) for any appropriate Post-Dropout Activity codes.
<b>Enrollment</b> <b>Student Enrollment 2</b>	The Student Enrollment 2 screen has been modified to allow the user to enter the number of Homebound Instructional Minutes for the selected student for the entire school year.

Dear Parent/Guardian,

Due to a continuing pattern of chronic absenteeism it has become necessary to require %FIRST\_NAME% to turn in a **DOCTOR'S EXCUSE** for any future absence to school during the remainder of the current school year. If we do not receive a doctor's note for the absence, it will be recorded as unlawful (students under age 17) or unexcused (students 17 years or older).

In compliance with PENNSYLVANIA SCHOOL CODE, SECTION 1333, parents of students with unlawful absences may be cited and prosecuted. Additionally, disciplinary action will be instituted by a school administrator after four unexcused or unlawful absences are accumulated. Penalties are described in the student handbook and may include loss of parking permits, detention, and Saturday School.

An attendance history is enclosed for your review. If you question any of this data, please contact me at 610-555-1212 or e-mail at [attendance@k12sd.org](mailto:attendance@k12sd.org). As a reminder, parents can view daily attendance and grades using our web-based Sapphire system at <http://sapphire.k12system.com/parentportal/>.

The staff and administration at K12 School are interested in providing a sound education for your child. Students with consistent attendance are found to achieve higher academic success. It is our goal with your assistance and
